

### REMARKS

In response to the non-final Office Action of January 19, 2007 and further to applicants' Reply to Action of January 19, 2007 filed May 21, 2007, applicants are filing a Supplemental Amendment in Reply to Action of January 19, 2007 to add new dependent claims 33-36. Applicants respectfully request entry of this Supplemental Amendment.

Upon entry of this Supplemental Amendment, claims 1, 3, 5-8, 14, 16, 18-21, and 27-36 will be pending, with claims 1, 14, 29, and 31 being independent. Each of new claims 33-36 depends from one of independent claims 29 or 31. Accordingly, applicants submit that new dependent claims 33-36 are allowable over the prior art of record at least for the reasons discussed in connection with independent claims 29 and 31 in applicants' Reply to Action of January 19, 2007 filed May 21, 2007.

Applicants submit that all claims are in condition for allowance.

It is believed that all of the pending issues have been addressed. However, the absence of a reply to a specific rejection, issue, or comment does not signify agreement with or concession of that rejection, issue, or comment. In addition, because the arguments made above may not be exhaustive, there may be reasons for patentability of any or all pending claims (or other claims) that have not been expressed. Finally, nothing in this reply should be construed as an intent to concede any issue with regard to any claim, except as specifically stated in this reply, and the amendment of any claim does not necessarily signify concession of unpatentability of the claim prior to its amendment.

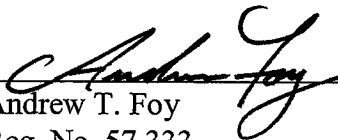

No fees are believed due. Please apply any charges or credits to Deposit Account No. 06-1050.
